How to reach SafeHarbor Vessels Inspection LLC

1. Company Overview

Safeharbor Vessels Inspection LLC is a trusted provider of comprehensive marine surveys and inspection services, operating across all major ports in the United Arab Emirates. Our company is built on a foundation of technical expertise and commitment to safety, compliance, and quality.

We are backed by a qualified team of certified marine inspectors and surveyors who bring extensive field experience and in-depth knowledge of international maritime standards.

Our services include a wide range of critical operations such as Marine Surveys, Superintendentcy Services, Hot work and Gas free certification. Safeharbor is dedicated to supporting vessel owners, operators, and stakeholders with timely, accurate, and compliant inspection services that ensure safety, efficiency, and operational readiness.

2. Vision & Mission

Vision Statement

To be the UAE's most trusted and innovative maritime inspection partner, delivering excellence in ship surveying and inspection services across all ports, with a steadfast commitment to safety, compliance, and operational integrity.

Mission Statement

At Safeharbor, our mission is to provide accurate, reliable, and timely ship surveying and inspection services across all UAE ports. We are committed to upholding the highest standards of safety, regulatory compliance, and customer satisfaction, ensuring maritime operations run smoothly and securely.

3. Services

2

Objective Authorization

We provide independent, unbiased, and authoritative oversight, empowering shipyards, owners, and operators to proceed with repair activities with confidence in their safety and compliance.

Planned ISO Certification

From its very inception, SafeHarbor is committed to achieving international excellence. We're actively pursuing ISO certification (e.g., ISO 9001 for Quality Management and potentially ISO 45001 for Occupational Health & Safety), ensuring our operational procedures and service delivery consistently meet and exceed global benchmarks.

3

4

Experienced Leadership

Under the guidance of Mr. Mridul Babu, our operations are steered by a profound understanding of maritime safety dynamics and regulatory frameworks.

Professional Vessel Inspections

Comprehensive hull and structure assessments by certified inspectors

Dubai Port Authority Compliance

Authorized inspections meeting all DPA requirements & standards

Safety Certification

Detailed documentation and certification for vessel operators

Strategic Dubai Location

Serving the entire Gulf region from our central Dubai headquarters

7. Target Market

Safeharbor Vessels Inspection LLC caters to a diverse range of clients involved in the maritime and shipping industry across the UAE.

Our services are tailored to meet the needs of:

Ship Owners and Operators

Ensuring compliance, operational efficiency, and asset integrity through regular inspections and surveys.

Ship Management Companies / Agents

Supporting technical management with expert superintendency and marine inspection solutions.

Charterers and Brokers

Providing reliable condition and bunker surveys for accurate reporting and accountability.

Marine Insurance Providers and P&I Clubs

Delivering impartial assessments to support claims handling and risk evaluations.

Shipyards and Repair Facilities

Assisting with pre-repair surveys and gas-free/hot work certifications.

Government and Regulatory Authorities

Supporting port inspections and regulatory compliance with certified inspections.

Our strategic focus on UAE ports enables us to offer rapid response and localized expertise across all emirates.

8. Future Outlook

Strategic Positioning

Set to commence operations in June 2025, SafeHarbor Vessels Inspection LLC is strategically positioned to establish itself as the definitive authority for Ship Repair Safe Work Permit issuance within Dubai's rapidly expanding maritime ecosystem.

Core Pillars

Our organization stands on three pillars of excellence: an unwavering dedication to safety standards, a meticulously planned roadmap toward international quality certification (ISO accreditation), and our highly specialized technical expertise that directly reinforces the critical operations of the Dubai Ports Authority.

Impact

This foundation prepares us to deliver substantial, lasting, and essential contributions to the safety protocols and operational integrity of maritime repair activities throughout the region. SafeHarbor transcends the role of mere service provider—we serve as vigilant sentinels safeguarding operational safety within Dubai's dynamic and bustling port infrastructure.
